Subject: Microsoft Settlement

To Whom It May Concern:

I would like to state that I am opposed to the settlement that has been proposed in the Microsoft antitrust trial. I do not feel that the settlement even begins to address illegal behaviors found by the Court, and leaves Microsoft more or less free to continue operating as they always have. Furthermore, I am upset that while Microsoft has been found to be a monopoly - in violation of law - the settlement provides no real punishments. Simply forbidding the repetition of previously committed illegal acts is in no way a punishment for the illegal activity. Without some sort of redress, Microsoft will have been allowed to get away with and profit from their illegal activities.

Sincerely
